# Corvado

## Corvado is a two-panel plank door with distinctive style.

- Available in 6'8", 7'0" and 8'0" heights in passage and bifold sizes. Most sizes can be specified for either hollow or solid core construction and with either finger-joint or MDF stiles and rails.
- Elegant smooth finish.
- Available in 20-, 45- and 60-minute fire ratings. 
- All doors are available primed and ready to paint.
- CraftMaster molded doors are covered by a 5-year warranty. 
- Covered by U.S. Patent D541947.

\* Check with your supplier for availability.  
Trimming CraftMaster molded doors will void the warranty.

- Colonist, Carmelle, and Classique are also available in Pre-Finished White.
- Colonist Textured also available in four Pre-Stained finishes.

### SPECIALTY DOORS

## Environmentally Responsible

- Due to their physical composition, CraftMaster molded door facings are not subject to the California Air Resource Board's Airborne Toxic Control Measure 93120 (ATCM). This measure enforces limits on formaldehyde emissions. If they were subject to the ATCM, CraftMaster door facings would meet the specification for the designation "ultra low formaldehyde emitter." CraftMaster door facings have demonstrated formaldehyde emissions equivalent to wood through repeated testing by the Composite Panel Association (CPA), a third party certifier for the CARB ATCM rule.
- No old growth timber is harvested for the manufacture of CraftMaster designs. Instead, by-products from sawmill operations are used to convert wood chip waste into designs of true beauty.
- CraftMaster molded door facings contain a minimum of 63% by weight, pre-consumer recycled content. This is certified by Scientific Certification Systems, certificate number SCS-MC-01801.
- CraftMaster molded door facings contain a minimum of 50% by weight, pre-consumer recycled content.
- CMI uses a low VOC primer, among the most environmentally friendly paint products on the market.

## Choose CraftMaster

**ENHANCE INTERIORS.** Use doors as an integral part of interior design. Add style, elegance and decorating consistency to your projects.

**HASSLE-FREE PERFORMANCE.** No cracking or panel separation due to seasonal humidity changes means no repainting or replacing.

**SUPERIOR VALUE.** Compelling design and customization opportunity at a significant value versus solid wood or flush doors.
